Greetings

FROM THE CITY OF TULIPS

The 1953 Festival dates for "Tulip Time" are set for May 13th to 16th.

Tulips bloom during the month of May. If you wish to see the largest number of Tulips in bloom, please be guided by your local weather conditions; depending on whether the season is late or early. If in doubt, we shall be glad to advise you, if you write in, requesting the information.

Dear Customer:

We herewith present our Fall Planting Guide for 1953 to you. Many new varieties have been added and we especially wish to draw your attention to the NEW LILY-TULIPS. They are coming more and more to the foreground now and have all been shown in our display fields at Holland, Michigan, one or more times. They are, in our opinion, the most graceful of all Tulip types, and, we assure you, are worth a trial.

We also have a favor to ask of you. If you should have no use for our catalog this year, would you please pass it on to a friend or neighbor who may be ready to plant some of our bulbs or plants listed herein. If you do not care to part with your catalog, we shall be glad to send a copy to anyone you know who would be interested in receiving it.

Thanking you for your past patronage and looking forward to serving you again, we remain,

Very truly yours,
NELIS NURSERIES, INC.

New Early Blooming **FLAMING YOUTH!**

We hear so much today about RED EMPEROR. We listed it 20 years ago and discontinued listing it in favor of this new and sensational variety. Flaming Youth, we found, is hardier and much longer lasting than Red Emperor. We are sure it will please and surprise you with its beauty.

GUARANTEE

Except where clearly stated otherwise in this catalog, we unconditionally guarantee every bulb we ship out to be strictly top size, and to be absolutely true to name. All bulbs shipped by us will grow and bloom under ordinary conditions. We have, however, no control over unfavorable weather or soil conditions, improper planting, neglect, moles or mice, and therefore cannot assume responsibility after they reach you. Stock not reaching you in first class condition should be reported within 10 days after receipt, and will be replaced free of charge if so received. After ten days it is mutually agreed that stock is satisfactory. Do not return bulbs or plants unless so instructed by us.

ALICE TIPLADY. 26 in. The originator listed this flower as "champagne" colored. It is an unusually lovely blend of soft cream to a very delicate orange. The pointed petals are slightly tipped with lavender	\$0.75	\$2.50	\$18.00
BLACK GIRL. 28 in. The darkest of the so-called black Tulips. Medium sized flowers, strong and sturdy growth. Especially lovely when planted with light Tulips for contrast50	1.75	12.00
CLIMAX. 20 in. A most pleasing shade of clear lavender, which does not fade. Medium size flower on strong stems	1.00	3.40	25.50
EDNA BELSINGER. 26 in. This new novelty is a blend of peach, orange and chartreuse-yellow, a lovely pastel, yet refreshing in color. Very large flower. It was named by Nelis Nurseries during 1952 for one of Atlanta, Georgia's, outstanding gardeners95	3.10	22.50
ELIZABETH ARDEN. 26 in. Immense flower of dark salmon with rosy lavender overtone. Inside the petals are vivid salmon-red. An outstanding novelty	1.30	4.25
FIELD MARSHALL. The first really high classed cream-colored Tulip we have ever been able to offer. A very large flower of good form50	1.75	12.00
GEORGE DICKS. 30 in. A beautiful salmon-pink variety of enormous size. A glorified Clara Butt Tulip50	1.75	12.00
GREAT CITY. 24 in. A fine new red Tulip with a distinct clear yellow border60	1.95	13.50
HAPPY DAYS. 30 in. A new find on our 1952 display field. The flower is white with a broad margin of rosy red and worthy to be part of our Novelty listing90	3.00	21.00
HETTY HOOS. 28 in. Tall and strong flower of butter-yellow. In our opinion a very good new yellow flower50	1.75	12.00
MARIE NICHOLSON. 29 in. Outstandingly beautiful rose-red with a glossy sheen. A Tulip of fine shape and great strength. Named for the first President of the American Tulip Society. A Nelis introduction60	1.85	13.00

Black Girl

MRS. HENRY FORD. 22 in. Large flower of vivid orange-scarlet with definite black mark at base. This beautiful Tulip resembles a red Poppy when it opens to full bloom. A Nelis introduction ...\$0.75 \$2.50 \$18.00

ORANGE BURCHT. A combination of warm shades, from maroon at the tips to maroon and golden yellow at the base. Large flower which keeps very well. Added to this list because of its popularity gained in our display field65 2.15 15.00

PENELOPE. 28 in. Blendings of brown, buff, orange-yellow and salmon, with golden overtone. We consider this a very fine novelty65 2.15 15.00

PRICELESS. 26 in. A tall white, edged with vivid red. Petals slightly pointed. A great improvement over the old variety Picotee60 2.00 14.00

SMILING QUEEN. 32 in. Considered a perfect American variety, in which size is very important, plus extra sturdiness in order to produce its exceptionally long flowers of clear rose-pink, as well as beautiful foliage80 2.70 19.50

SOUTHERN CROSS. 31 in. A delightful blend of sulphur-yellow changing to golden yellow flushed warm apricot, inside golden yellow. Fine exhibition variety of unusual attraction. Late blooming50 1.75 12.00

SWEET HARMONY. 26 in. Oblong shaped flowers of clear lemon-yellow with an ivory-white border. A very unusual and pleasing novelty 1.35 5.40

ZOMERSCHOON. 20 in. An unusually lovely Tulip, soft, salmon-pink flames on a silvery background. This noble variety, long thought lost, is at least 300 years old, records stating it was planted in the 17th century. This is the only variety left dating back to the "Tulip Craze" in the Netherlands when fortunes were paid for a single Tulip bulb75 2.50 18.00

We wish to draw your attention to our offer of IMPORTED DUTCH AMARYLLIS (guaranteed true to color) on the back of the attached order blank.

Crowning
Glory

The inter-breeding of Darwin, Cottage and Breeder Tulips has made the classification of each variety so confusing that we are listing them in one category, namely May-Flowering. Since the modern Giant May-Flowering Tulips contain the blood of all the three preceding crosses in proportions even unknown to the plant breeders themselves, it seems scientifically meaningless to use the old classifications.

The term May-Flowering is based on our Michigan climate, in southern locations the blooming time, of course, will be earlier. In revising our list for 1953 we eliminated varieties which we consider to be surpassed by later introductions.

New and Splendid *Triumph Tulips*

Giant Flowers of Majestic Splendor

This new race, which blooms about 8 days earlier than the Darwin Type, is becoming better known every year, and during our annual Tulip Show more and more people are becoming interested in it. The average height is shorter than the Darwins, but these Tulips are of extremely sturdy growth and therefore are excellent for bedding purposes. The varieties we are listing are among the latest.

New Graceful LILY-FLOWERING TULIPS

Only recently have we been able to add many outstanding varieties to the Lily-Tulip list. Many of these unique novelties have never been offered in a retail catalog. In our opinion the Lily-Tulips are the most graceful of all Tulips. They are far from plentiful, but for beauty we can recommend them without reservation.

This very beautiful race of Tulips, with reflexing petals greatly resemble colored Lilies. They are unusual and different and highly recommended.

	Per 3	Doz.	100

Botanical Tulips

For permanent planting. Once planted they need no further care. These wild Tulips come in lovely odd shapes, many with reflexed petals and curiously twisted and reflexed foliage. They belong in the rock garden where they thrive and increase if left in the ground from year to year. Plant them in groups of 6 or 12 bulbs among the rocks in fairly well-drained pockets. We have eliminated all varieties of inferior and poor blooming qualities and list only those varieties which have given satisfaction under American growing conditions.

Late Flowering DOUBLES

These double varieties are extremely showy, with flowers as large as Peonies, and come in a magnificent range of colors. They have created a remarkable interest, and in the past, nearly all the available supply has been bought by our "Tulip Time" visitors, who were able to see them in bloom. As real novelties, we are proud to recommend them for exhibition or show purposes. Of latest introduction the quantity of bulbs is limited and early orders are most apt to insure delivery.

ACTEA. (Poeticus.) Pure white perianth, cup yellow, edged red. We consider this the best of the common Poeticus varieties. Fragrant. M.50	1.55	10.50
BEERSHEBA. (Trumpet.) Perianth and trumpet of magnificent proportions. Sturdy foliage and stem. Height 20 to 22 inches. The color is pure white. Those who are forming collections of the finest Narcissi rate Beersheba at the top of the large white trumpets. Received an Award of Merit and a First Class Certificate. ME.95	3.10	22.50
BRIDESMAID. (Long-cupped.) Pure white, large perianth with a very large, fully ruffled cup, disklike and delicately shaded cream, edged soft apricot. A flower of appealing beauty. M.	1.00	3.25	24.00
BUSTEIN HUETT. (Short-cupped.) Large, cream yellow perianth of broad, overlapping petals, with a flaring cup of red, broadly edged scarlet, changing to orange in the throat. A real red cup. ME.60	2.00	14.00
CARLTON. (Long-cupped.) A handsome variety that is destined to become very popular when widely known. Broad, overlapping perianth, with a large expanded cup frilled at the brim, the entire flower of a uniform soft yellow. A magnificent plant of great vigor, very free blooming, early and of long lasting qualities. Excellent for exhibition. This variety received an Award of Merit. E.55	1.80	12.50
CHEERFULNESS. (Double Poetaz.) A double form of the famous cluster-flowering Daffodil, creamy white in color. Splendid for garden; late blooming and very fragrant. Received an Award of Merit. Frequently called the "Gardenia" Daffodil. L.55	1.80	12.50
CHEERFULNESS YELLOW. (Double Poetaz.) The yellow form of the above variety, having all the qualities of the older variety. Very fragrant. L.	1.00	3.25	24.00
DAISY SCHAEFFER. (Long-cupped.) One of the best of the remarkable new long-cupped type. The flower is 4½ inches across with cup of nearly 2 inches. Resembles a giant Trumpet, but much more graceful in form. Pure white perianth with cup opening primrose, turning to light canary-yellow with a greenish overcast at the base. Long lemon-yellow stigma and styles add to the color harmony of this flower, which has captured an Award of Merit and several First Class Certificates. ML.	1.00	3.25	24.00
DICK WELLBAND. (Short-cupped.) An exhibition variety of great excellence. This variety stands out even in the largest collection of Daffodils. The perianth is pure white and the cup a brilliant flame-orange. The startling contrast between the petals and the cup makes this variety a great beauty. The color does not fade, but rather intensifies with age, and the flower has unusual lasting qualities. Highly recommended. M.65	2.15	15.00
FEU ARDENTE. (Short-cupped.) Latest novelty. Sulphur-yellow perianth of moderate size with flat, frilled disk of deep orange-red measuring 1½ inches. Blossoms carried on strong, stiff stems. M.70	2.25	16.00

MRS. R. O. BACKHOUSE. (Long-cupped.) This is the famous "PINK DAFFODIL." Fine, informal perianth of ivory-white, elegantly proportioned, slim, long trumpet of apricot-pink changing to shell-pink at the deeply fringed edge. Delicately beautiful but of exceptional substance. Long lasting. Belongs in every collection. L.\$0.70 \$2.25 \$16.00

NARCISSUS OR DAFFODILS—Continued

OLA LEAVIT. (Short-cupped.)
Pure white perianth, with yellow
cup edged orange-red. Not partic-
ularly striking at first sight but
increasing in beauty as it ages.
Delicately fragrant. M.\$0.70 \$2.25 \$16.00

RED GUARD. (Poetaz.) Another
winner of an Award of Merit. Peri-
anth of deepest golden yellow over-
laid with salmon and a cup of fiery
red, making a beautiful and unusual
color combination. Heavy spicy
odor. ML.70 2.30 16.50

REMBRANDT. (Trumpet.) We
consider this the best early, all yellow
trumpet. The trumpet and peri-
anth are extra large and of fine
form throughout. E.70 2.25 16.00

RICHARD WAGNER. (Short-cup-
ped.) Pure white perianth of fine
form, with flat, golden yellow cup
having a narrow orange, frilled
edge. The perfection of this vari-
ety is in its finest form for which
hybridizers have been aiming. L.70 2.25 16.00

ROBINHOOD. (Trumpet.) A large
flower, which blooms medium early.
Golden yellow perianth of good
form and trumpet of orange-yellow,
producing an interesting color con-
trast. ME.70 2.35 17.00

SATURNUS. (Short-cupped.) Large,
pure white perianth and an un-
usually beautiful, deeply frilled,
deep orange cup, producing a glor-

DAFFODILS for *Naturalizing*

Suitable for Garden Display, Woodland Planting or Cutting

Practically any soil has been found suitable, and they are grown equally well in the open air as among trees and in woodland. Contains a mixture of large Trumpets, Short-Cupped, and Poeticus types, making a mixture that cannot be equalled for value and worth much more than we charge for them. Plant at least 8 inches deep, but avoid places where water may collect at any time, as they like drainage.

Try to plant before October 15th, or shortly thereafter, and place your order early, as the demand is increasing for these bulbs at this special low price which we have adopted. We cannot take orders for less than 50 bulbs. All are blooming size bulbs.

NELIS SUPER QUALITY DAFFODIL MIXTURE

To those of you who are interested in immediate results in a much better than average mixture, we are pleased to offer our Nelis Super-Quality Daffodil Mixture of super-quality bulbs. One of the most outstanding hybridizers of Daffodils is constantly supplying us with their entire crop of new hybrids, to which we have added the best of Yellow Trumpet and other high quality, standard named varieties. The result is an unsurpassable mixture of the widest possible range in color and blooming. Ideal for naturalizing where quality is desired and names are immaterial. All large, mature bulbs, which will give you a wealth of blooms at once, many producing as many as two or three flowers per bulb the first year after planting.

Squamigera
(Hardy Amaryllis Halli)

Produces attractive green foliage which grows from early spring until July, when it ripens and disappears. About a month later, as if by magic, the flower stalk springs from the ground to a height of 2 to 3 feet, developing an umbel of large Lily-shaped flowers, 8 to 12 in number, of a delicate lilac-pink shade. The bulb is perfectly hardy. In planting, cover crown about 4 inches with soil.

Sensational
Wonder Bulb

The only bulbs that will bloom indoors without soil, without water, without care.

Place it, just as it is, on the mantel, window ledge or table and with no further attention on your part, it will reward you with its exquisitely lovely blooms. Use these bulbs for gifts. The usefulness of the bulbs does not end after the blossoms fade. Plant them outdoors in the fall and in the spring luxuriant green foliage appears. When the foliage has died down, dig up the bulbs and the blooming will be repeated indoors.

IRIS SHILKA (Vesper Iris)

The graceful filigree of the branches of these Vesper Iris is studded with from one to two hundred jewel-like flowers, truly a mammoth bouquet. The delicately colored blossoms, which at a distance resemble a multitude of gorgeous butterflies at rest with motionless outstretched wings, vary in

color, including such hues as translucent lavender with markings of mahogany, lemon, copper and orange-brown. The Shilka Iris, which are exceedingly easy to grow, bloom for a month during July and August when flowers are scarce. Vesper Iris resist both severe cold and intense heat with impunity. Be the first in your locality to grow this unique Iris. \$1.95 per 5; \$3.50 per 10.

ENGLISH IRIS

(Bulbous)

This magnificent mixture of bulbous English Iris has been developed at our nurseries, and contains all the choicest varieties which can possibly be had in these fine Iris. The English Iris are a bulbous Iris which bloom in our latitude about the early part of July, and come after all other bulbous Iris. They should be planted as soon after receiving them as possible for best results. They prefer the more moist and heavier soils, and should have good drainage. The blooms of the English Iris are considered to be the finest of any in the Iris class, and each individual bloom is strikingly beautiful, and as cut flowers they are unsurpassed. We are offering them in a fine mixture of colors. \$2.00 per doz.; \$14.00 per 100.

Dutch
Iris

IRIS RETICULATA

(Bulbous)

This lovely species is one of the treasures of the garden or rock garden. It can be described as a small form of the Dutch Iris, or Spanish Iris. Its main value lies in the fact that it can be forced into bloom in the house with the greatest ease. Six or eight bulbs put into a 4- to 5-inch pot when received will bloom about Christmas time. The fragrant blooms remind one of a bunch of fresh Violets. Perfectly hardy with reasonable protection. It is one of the loveliest early flowering bulbs for the rockery. \$1.15 per doz.; \$8.00 per 100.

NELIS NURSERIES, Inc., Holland

Our Customers Write Us

I have ordered bulbs from
three or four of the best
known nurseries and have
paid top prices for all of
them, but none have been as
satisfactory as your stock. I
have some General MacAr-
thur and Imperator Jonquils
that I got six or seven years
ago and they are still going
strong. Consequently I am
convinced that your bulbs
are tops and it isn't hard to
convince my friends.

Mrs. E. S. Truesdail

Camden, Arkansas

After several years of order-
ing bulbs from you I want
you to know that all you have
sent have been of superior
quality and the blooms a de-
light to see. The Tulips and
Daffodils this spring were
enormous and very long last-
ing, as were the Daffodils
(Nelis of course) which had
been set out a number of
years ago. I am another very
satisfied customer of yours.

M. E. Skinner

West Lafayette, Ind.

I wish to tell you how much
pleasure I am receiving from
the bulbs which I purchased
from you last fall. Each Daf-
fodil bulb is producing two
or three plants and each plant
is blooming. The Tulips are
also in some cases producing
two or three plants with as
many blooms. I wish to as-
sure you that you will receive
my bulb orders from now on.

Sincerely, H. J. Zaayer
